

Numeracies in Indigenous Communities

Pack a box

This task requires a total of 14 shapes as illustrated below. To make these shapes, you will need a total of 45 x (2.5 cm x 2.5 cm x 2.5 cm) blocks or cubes which need to be glued together into the following 3D shapes. (You could use smaller or larger blocks – so long as they are all the same size.)

To complete the task, follow the instructions on the task card.
